September 2011

Dear Parent(s)/Guardian(s)

This letter is to notify you that, if your child is eligible for free or reduced lunch, he/she is eligible for free supplemental educational services this academic year. Once again this year, these services will be provided after school. The services will be in addition to the regular instruction that your child receives during the school year.

You may choose a supplemental education services program available through New Jersey Department of Education's list of approved providers which is enclosed. The goal is to help your child increase academic achievement in reading, language arts, and/or mathematics.

Students are eligible for this program based on family income in conjunction with their attendance at a school that is identified as being in need of improvement.

Approved service providers have agreed to provide services that are consistent with the instructional program of the district and state. They have also agreed to provide you and your child's teacher(s) with information on the progress of your child. The list of state approved providers is attached. Additional providers can be found on the New Jersey Department of Education's web site at <http://education.state.nj.us/ses/2011/>

If you wish your child to take advantage of one of these services, please complete the form and return it to your child's school principal no later than October 20, 2011. Please feel free to call my office at 856.456.7000 x 1552 if you wish additional information.

Sincerely

Patricia A. Null  
Coordinator
