

June 2020

Hello everyone!

Welcome to AP Seminar, the first class in your AP Capstone journey! First and foremost, I'd like to congratulate you for being the first GHS students *ever* to take on this challenge. The next two years will test your mind, your will, and your heart, but I promise that you will be better students, citizens, and people when you leave this program.

Since most students in the country begin school about a month before us in August, we are always at a bit of a disadvantage when it comes to the amount of time that we have to complete AP courses. Because of this, you are required to complete a summer assignment that will serve as a "warm up," so that we can get a running start in September. Please know that the completion of this summer assignment is a mandatory component of a contract that you will be entering with me as a member of this program. If you do not complete the assignment, we will be meeting in September about your commitment to this program.

I've already invited you all to our Google Classroom, and that is where you'll complete the assignment. If you haven't been invited, please send me an email and I will send you an invitation. I hope that you find the assignment interesting, and I guarantee that it will prepare you for what to expect in September.

I can't wait to meet you all in September. Have a great summer, and as always, GO LIONS!

Take care,

Mr. Wright
