SUPERINTENDENT’S / GHS PRINCIPAL’S MESSAGE

The 2023-2024 school year was full of achievement and pride. Early this fall, we received wonderful news that our high school has been named one of “America’s Best High Schools” by *US News & World Report* for the **7th consecutive year**. We are incredibly proud of and grateful for all of the amazing efforts daily by students, families, and staff to continue to lead us to these levels of achievement. Work towards this achievement begins much earlier than when a student first enters high school. It’s a tribute to the cumulative impact of a Gloucester City and Brooklawn education and exhibits to pride we all have in our schools being cornerstones of our community.

Our activities have never been more successful. Gloucester High’s Consumer Bowl Team once again won the South Jersey championship. The theater department put on amazing performances of *Into the Woods* (GHS) and *Wonka* (GMS). The Dance Team and ROTC Color Guard performed in front of a sold-out 76ers crowd. Our Swimming team won their first division championship in school history. We had the greatest number of wrestlers in school history advance to the State Championships at Boardwalk Hall in Atlantic City. Our Softball Team won the State championship. Our Baseball team won the South Jersey championship. We sent more track athletes to the State’s Tournament of Champions than ever before, and Boys Track won the first conference title in well over 50 years. It has truly been incredible to experience all of this.

Year 1 of our three-year strategic planning process was a success. Families now receive nearly all correspondences from the school district in the language primarily spoken in their home to promote further school engagement for all. Academic achievement once again flourished at all three district schools with collaboration being an instructional focus area. We completed our state-of-art Industrial Arts Shop class, expanded landscaping to further beautify the high school campus, and began work renovating our high school Life Skills classroom. We also expanded and improved our partnerships for “alternative” educational pathways for at-risk students to try to maximize the proportion of students who enter adulthood in our community with their high school diploma.

We will look to advance this work in year 2. School security will remain a top priority. We have Gloucester City Police Department members assigned full-time to each district school. An officer is protecting each school any time that students are present. The federal school safety grant that we achieved last year is being implemented now with a much-improved security camera system, upgrades to our speaker system, and door locks/readers that alert us any time one is not fully closed.

High school is an incredible chapter of life for students and their families. When approached the right way, a student’s high school career is filled with growth -- physically, academically, socially, and personally. As students enter the final phase of their Gloucester City School District career, these four years are critical in identifying their interests and greatest sources of meaning & fulfillment in life as they strive to become “the best version of themselves” before entering “the real world.” We remain committed to our district’s vision for all of our students: The Gloucester City School District Family empowers our students to be confident, well-rounded, happy individuals who positively impact society.

Sincerely,

Mr. Sean Gorman

OFFICE OF SPECIAL SERVICES

The office of Special Services is responsible for the following: Child Study Teams, Related Services, English Language Learners (ELL)/ Multilingual Learners (ML), Special Education Programs, Nursing Services, and Residency.

Office of Special Services

Dr. Jennifer Connell, Director of Special Services, ext. 1410
Ms. Tamra Berry, Administrative Assistant

Gloucester City School District Child Study Team

The Child Study Team consists of a school psychologist, social worker, and a learning disabilities teacher-consultant (LDT-C). The Child Study Team will review all referrals to determine if a child requires a full evaluation. Written permission is required before the child can be evaluated. If the child meets the eligibility requirements for classification, an individualized educational plan (IEP) will be developed. A member of the Child Study Team is designated to be the child's case manager and will assist parents, students, and teachers to implement the child's special education and related services program. In cases in which other conditions exist that may warrant accommodations but do not fall under the auspices of classification, school level intervention plans may be developed through your child's building level I&RS processes. These processes are initiated at the teacher level and follow a multi-tiered system of interventions.

Special Education Parents' Advisory Group (SEPAG)

Is your child a different learner? Does he or she have an IEP, receive related services, or other special services through the special education department? We encourage our parents and guardians to join the Special Education Parents' Advisory Group (SEPAG) to become more active in your child's education. SEPAG gives the opportunity to provide input and advice to the district regarding matters pertaining to students with disabilities. [Please complete this form to join SEPAG.](#)

PARENTAL RESPONSIBILITIES

The Gloucester City Board of Education believes that the education of children is a joint responsibility, one it shares with the parents/guardians of the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

Therefore, parents/guardians need to recognize their responsibilities to their children and to the school and community. Parents should understand that if their children hear them speak positively about principals, teachers, and the school system in general, they are encouraging respect for authority. This will, in turn, result in good behavior in the classroom and will contribute to a positive attitude toward learning.

Parents can help to ensure proper discipline in school by:

- Showing interest in their child's school progress and working with school personnel to solve disciplinary and academic problems.
- Getting to know their child's school, its staff, curriculum, programs, and activities and by attending parent-teacher conferences and school/parent functions.
- Teaching their child how to dress neatly and to be clean, well-groomed and wear clothes that are appropriate for school.
- Making sure their child goes to school, on time, every day unless their child is ill or has a contagious disease.
- Maintaining up to date telephone numbers at the school, including home, work, and emergency telephone numbers, addresses, and health data.
- Contacting the school and explaining why their child is absent, as is required by New Jersey Statutes and School Board Policies.
- Teaching their child, by work and example, respect for law, for the authority of the school, and for the rights and property of others.

NOTE: Students will not be called from class to speak with their parents/guardians for NON-EMERGENCY reasons.

GRIEVANCE PROCEDURE – CHAIN OF COMMAND

When a problem arises, please follow the proper chain of command:

1. Request a meeting first with the teacher and/or guidance counselor
2. If the teacher and/or guidance counselor are unable to resolve the problem, you may request a meeting with administration, starting with the building Assistant Principal.
3. If the problem is still not resolved to your satisfaction after meeting with administration, you may request a meeting with the Superintendent of Schools.
4. Only after attempting to resolve the problem in the aforementioned manner should the Board of Education be consulted.

BELL SCHEDULES

Please click [here](#) for all Gloucester High School Bell Schedules for the 2024-2025 school year.

SCHOOL MESSENGER & REMIND

Gloucester City Public Schools use Remind and School Messenger to notify our community about important events and news. Parents can elect to receive messages via text messaging and email as well as by

phone. Please provide a current cell phone number if you would like to receive text messages, and an email address if you would also like to receive email alerts.

BUILDING VISITORS

In order to ensure the safety of our students and staff, ALL visitors to the building must be screened and sign in with the appropriate photo identification. Visitors will be issued a visitor's pass which must be visible at all times while on school grounds. Visitors not wearing a pass will be stopped by staff and asked to proceed to the security desk immediately. Visitors must be accompanied by a staff member AT ALL TIMES. Unauthorized visitors will be subject to trespassing laws.

Parents and guardians wishing to meet with any staff member are asked to make an appointment in advance. We strongly discourage parents and guardians from dropping off items for their students during the school day, but in the event they must do so all items must be left with security to be picked up by the student. Visitors and parents are not to visit a teacher's classroom unless the Principal has given prior permission.

ARRIVAL AND PICK-UP BY VEHICLE AT GHS

Parents / guardians bringing their students to school by car are asked to pull into the semi-circle in front of the school building and pull up as far as traffic will allow. **Once the vehicle is stopped safely, students should exit the vehicle swiftly so as to maintain the flow of traffic.** Parents / guardians and students are to be attentive to and follow the directions of the officer or staff member directing traffic through the drop-off process. Students should exercise caution when exiting the vehicle, and drivers should proceed carefully as they exit the semi-circle.

When picking up your student during the school day, please park in one of the visitor spaces located along the curb by the flagpole. Please DO NOT move the cones at the front of the semi-circle and attempt to pull up to the front entrance of the building, as this will block the fire lane.

When picking up your student(s) at dismissal, parents / guardians should maintain caution in the parking lot, as many students exit via the front of the building.

STUDENT PARKING PRIVILEGE

Seniors, upon permission from the administration, may park their cars in the designated parking area (white lines only for students) during regular school hours. Seniors driving to school must register their vehicle with the main office and display a school-issued student parking permit.

Please note that the use of the parking lot is a privilege. Failure to abide by safe driving guidelines and student rules and regulations set forth in the discipline code could result in the loss of the parking privilege for the duration of the student's enrollment at Gloucester City High School.

The opportunity for on-site parking may be extended to eleventh grade students beginning at the start of the third marking period (semester 2). However, this is dependent upon space availability and is not a guarantee.

BICYCLE SAFETY

Students may ride bicycles to school. Bicycles must be locked to the racks provided near the back parking area, and are not to be parked in any other location other than on designated racks. The school will not assume any responsibility for bicycles. All students age 17 and under are required by state law to use helmet protection.

SKATEBOARDS AND SCOOTERS

Students are discouraged from bringing skateboards and scooters to school, as there is no designated means of securing them. The school will not assume responsibility for skateboards or scooters. All students age 17 and under are required by state law to use helmet protection.

STUDENT ENTRANCE INTO BUILDING

The main entrance doors to the GHS are open at 7:15 AM. All students are allowed to enter the building at this time. Students may report to the cafeteria, or other designated area. Once students have entered the building, they are not permitted to leave without administrative permission.

EMERGENCY CLOSINGS **SCHOOL CODE #561**

In the event of inclement weather or other emergencies, school may be closed for the entire day or opened following a delay. Information about emergency closings or late openings will be relayed via Remind and displayed on the school webpage. Additionally, information will be provided to local radio and television outlets.

Please do not call the school to seek information about closings or delayed openings since our telephone system cannot handle the volume of incoming phone calls.

ONCOURSE CONNECT PARENT PORTAL

OnCourse Connect provides teachers with a base for communicating effectively with parents regarding student achievement in a secure online environment. Through this service, students and parents will have access to teacher contact information, student attendance, student assignments and homework, as well as other information important to student success. To access the OnCourse Connect portal, visit our school website or click [here](#).

EMERGENCY PROCEDURES

Gloucester City High School has specific plans in place for crisis and emergency situations. These plans cover situations calling for school lockdowns and school building evacuations, as well as other emergencies. Throughout the school year, drills will take place to assure compliance with various administrative regulations and to keep students and staff familiar with their responsibilities. Emergency responders from the city, county, and state levels will be involved when needed.

Administrators and teachers are charged with keeping order and supervision of students throughout the school day. This responsibility is even more critical during emergency evacuations. Students will be made aware of the procedures and behavior expected during an emergency evacuation by the administration in opening school meetings and by individual classroom teachers through the school year. Students failing to follow procedures and/or emergency instruction will face consequences according to the code of conduct.

K-9 DOGS IN BUILDING

Gloucester City High School may use K-9 dogs periodically and unannounced on our premises to inspect hallways, lockers, locker rooms, gyms, parking lots, etc. as one means of ensuring a safe school.

STUDENT PHOTOS AND I.D. CARDS

All students must be photographed for student identification. There is no sitting fee, although portraits may be ordered at cost from the photography studio. Prior to the date of student photos, information will be provided explaining the available packages in more detail. **NOTE:** *Students must wear their school-issued identification at all times while in the building.*

LOCKER USAGE

The school provides lockers for the purpose of storage of students' possessions. Students are permitted to use their assigned locker at any time between classes. However, it is recommended that students organize themselves so that locker usage is kept to a minimum. Lockers are provided by the school and as such students do

not have an expectation of privacy as to prevent examination by a school official with reasonable suspicion that there has been a violation of the law or district policy. In addition, random inspections of lockers and other such storage facilities on school district property may be conducted by school officials.

NOTE: Usage of locker between classes is not an excuse to be late to class. The administration reserves the right to alter the above locker usage procedure if students are reporting late to classes.

GYM LOCKER ROOM

Students are not permitted in the gym or locker room area unless they are accompanied by a teacher. (See Discipline Code). Students are warned not to leave clothes, money, rings or other valuables unsecured. Gym lockers should be secured with an appropriate lock. **The school is not responsible for items that are removed or stolen from lockers or unsecured areas.** Students should bring only those items required for physical education class to the gym area.

Gym lockers are only to be used during physical education class, athletic practice and games. Any locks left on a locker overnight without prior approval may be removed at the direction of administration.

BACKPACKS AND BOOKBAGS

All student backpacks and book bags must be secured in the student's assigned locker, cubby, or other storage areas during school hours. Students are prohibited from carrying book bags (this includes belt bags, cross body bags, backpacks, totes, drawstring bags, etc.) from class to class, although students may carry a small purse or handbag. In addition, students may carry their laptops/Chromebooks in the cases provided.

Guests at extracurricular activities, including athletic events, are not permitted to bring backpacks, book bags, or any other carrier larger than a small purse or handbag. All bags are subject to search at school events.

PHONES, EARBUDS, AND PERSONAL ELECTRONIC DEVICES

Students are prohibited from using cell phones, earbuds, and personal electronic devices during school hours unless authorized for a specific instructional purpose. Such items should be stored in a student's locker or laptop bag, and are subject to confiscation for inappropriate or unauthorized use (Discipline Code Offense #27).

NOTE: Such devices are strictly forbidden to be used in the halls between classes, as this constitutes a serious safety hazard.

FOOD AND BEVERAGE

During the hours in which classes are in session, students are not permitted to have open food or beverage containers in the hallways. Closed, sealed containers for lunch may be kept in lockers during the school day and retrieved prior to moving to the cafeteria. Students are not to leave the cafeteria with open food or beverage containers.

NOTE: Under no circumstances are students permitted to place calls for delivery of meals to outside fast-food establishments, DoorDash, UberEats, etc. Such deliveries will be turned away by the school, and the school will not be held liable for any financial losses incurred. Violations will be disciplined according to the code of conduct.

STUDENT DRESS CODE: [BOARD POLICY #5511](#)

Dressing appropriately for school shows pride in oneself and the school. Thus, clothing should be clean and appropriate. Students whose attire does not meet this requirement may be sent home to change. Any classes missed due to inappropriate attire will count toward the pupil being considered absent. Whenever possible, a change of clothes will be made available to the student not adhering to the dress code to avoid missed instructional time. The

administration/faculty shall enforce the dress code with the administration having the final decision regarding all matters concerning the dress code.

A. Footwear – Students may not wear footwear that would be potentially hazardous during an emergency or evacuation. Students are prohibited from wearing the following:

- Slippers

- Spaghetti straps (straps must be at least two inches wide)

- Sheer or see-through tops
- Shirts with printed mottos or pictures that are offensive, promote illegal drug use (tobacco, alcohol, etc.), promote gang affiliation, or are violent or sexual in nature.
- Garments or accessories that depict bias or hate are strictly prohibited.

C. Shorts, Pants, Dresses – Appropriate length shorts, skirts, and dresses may be worn. All dresses, skirts, shorts, and skirts must be at least mid-thigh in length. The following are considered inappropriate and therefore are prohibited:

- Bandanas, headscarves, or sweatbands

All headwear must be kept in the student’s locker during the school day. Failure to comply with regulations governing hoodies will result in the revocation of a student’s privilege to wear them to school.

E. Outdoor Coats – Outdoor coats and jackets are to be secured in the student’s locker and should not be worn in the classroom except in emergency conditions directed by the principal or with the permission of the classroom teacher.

F. Jewelry – Students are discouraged from wearing jewelry, especially earrings and other body piercings, during Physical Education classes. Physical Education teachers may require a student to remove jewelry during class if they deem it to be potentially hazardous to the student’s safety.

G. Physical Education class (Gloucester High School Only) -- students are expected to wear their school-issued Physical Education shirt and appropriate footwear to class each day.

- New students will be given two (2) Physical Education shirts.
- Returning students will be given two (2) Physical Education shirts at the beginning of each school year.
- Students not dressed properly for Physical Education will earn 0 points for the class day.

PLEASE NOTE: School Administration reserves the right to make the final decision on all attire. Facets of the Dress Code may be waived if associated with a Theme Day or school spirit event. For example, sleepwear would be permitted on a school wide Pajama Day.

AFFIRMATIVE ACTION POLICY

Affirmative Action Officer and Title IX Coordinator – Dr. Kimberley Chiodi, ext. 1310

The Board of Education shall adopt and implement written educational equality and equity policies in accordance with the provisions of N.J.A.C. 6A:7 – Managing for Equality and Equity in Education.

The Board’s affirmative action program shall recognize and value the diversity of persons and groups within society and promote the acceptance of persons of diverse backgrounds regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, religion, disability, or socioeconomic status. The affirmative action program will also promote equal educational opportunity and foster a learning environment that is free from all forms of prejudice, discrimination, and harassment based upon race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, religion, disability, or socioeconomic status in the policies, programs, and practices of the Board of Education.

SEXUAL HARRASSMENT POLICY – [BOARD POLICY #5751](#)

Title IX Coordinator - Dr. Kimberley Chiodi, ext. 1310

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. Pursuant to the U.S. Code of Federal Regulations and Title IX of the Education Amendments of 1972, the school district adopts this policy and will implement practices to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students, or third parties. In addition, reports of sexual harassment shall also be investigated in accordance with the requirements of New Jersey’s Anti-Bullying Bill of Rights.

For the purposes of this policy, “Sexual Harassment” means conduct on the basis of sex that satisfies one or more of the following:

- An employee of the school district conditioning the provision of an aid, benefit, or service of the school district on a student’s participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the school district’s education program or activity;
- “Sexual assault,” “dating violence,” “domestic violence,” or “stalking” as defined by federal regulations.

Sexual harassment may take place electronically or on an online platform used by the school, including, but not limited to, computer and internet networks; digital platforms; and computer hardware or software owned or operated by, or used in the operations of the school.

In accordance with federal regulations, any person may report sex discrimination, including sexual harassment, by any means to the district Title IX Coordinator.

Supportive measures shall be available to the Complainant, Respondent, and as appropriate, witnesses or other impacted individuals. The school district shall use the grievance and appeal processes outlined by federal

regulations to address formal complaints of sexual harassment. The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

Consistent with the laws of New Jersey a student's parent must be permitted to exercise the rights granted to their child under this policy, whether such rights involve requesting supportive measures, filing a formal complaint, or participating in a grievance process. The school district or any employee of the school district shall not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy.

For more information on Title IX, as well as Policy and Regulation 5751, please refer to the district website. For full text of the policy, click [here](#).

CURRICULUM AND INSTRUCTION

Gloucester City Public Schools are committed to a comprehensive process of curriculum planning and assessment to foster continuous improvement of student performance as measured by the local, state, national standards of excellence. Curriculum includes a scope and sequence of content, concepts, and skills taught in particular discipline, textbooks and other resource materials, identified measurable student learning objectives, and methods of assessing students' performance of learning objectives. During the summer months, teachers and administrators participate in one or more summer curriculum committees. These committees revise existing curriculum and develop curriculum for new courses. All curriculum is aligned with the New Jersey Student Learning Standards. As the State of New Jersey modifies or implements content standards, so too will the Gloucester City School District.

HIGHLY QUALIFIED TEACHERS

All teachers must be or become highly qualified in the core academic subject(s) they teach (English, Math, Science, Social Studies, the Arts and World Languages). This has been considered the best way of making sure that all students can achieve at high levels. The law also requires schools receiving federal funds to inform parents of their rights to ask about the qualifications of their child's teachers.

The federal definition of a Highly Qualified Teacher has three parts. Teacher must have:

- A four-year college degree;
- A regular (not emergency) teaching certification; and
- Proof of their content knowledge for the subject(s) they teach.

Teachers who are new (in their first year of teaching) or newly hired (in their first year in the school district) must meet these requirements at the time they are hired.

FAMILY LIFE CURRICULUM

A copy of the state-mandated Family Life Education curriculum is available for review. If any part of the instruction in Family Life Education is in conflict with your conscience or sincerely held moral or religious belief, you may contact the office of the principal for a request form to have your child excluded from that particular part of the curriculum. You may also review the entire curriculum by making an appointment to meet with the principal.

13. Once next year’s courses are assigned, no changes will be made after the Friday of the first full week of school, unless extenuating circumstances are presented. Requests will be given consideration on a case-by-case basis. The following guidelines for grades and credits shall apply when a student is removed from a course:
 - During the first marking period, students will be rescheduled into another course for credit. No indication of dropping a course will appear on the official transcript.
 - During the first half of the second marking period, an attempt will be made to schedule another elective for the student. No indication of dropping a course will appear on the final transcript.
 - During the second half of the second marking period and the second semester in its entirety (third and fourth marking periods) - students will be scheduled into a study hall, if possible, will not receive credit for the course dropped, and will have "Withdraw/Failing" (WF) entered for the course dropped on the report card and official transcript. **This will affect GPA, class rank and National Honor Society status.**
15. Students will be given courses that they have requested, whenever possible. If a substitution has to be made, the student will be scheduled into one of his/her alternative course selections.
16. The School District reserves the right to revise students' programs of study to ensure that all students comply with graduation requirements.

REPORT CARDS

Report cards in Grades K-12 will have the numerical grades for all academic subjects with Grades K-8 denoting specific details regarding standards based proficiencies. Grades can be accessed through our OnCourse Connect Parent Portal [here](#). Report cards will be emailed quarterly. A current email address must be on file with the school office.

A	94 – 98	C-	74 – 75
A-	92 – 93	D+	72 – 73

Marking Period and Semester Values for Grades 9-12

For full year courses, each Marking Period grade will carry a weight of 25% of a student's final average. Calculation of student grades will be as follows:

$$(MP1 + MP2) / 2 = \text{SEMESTER 1 AVERAGE (S1)}$$

$$(MP3 + MP4) / 2 = \text{SEMESTER 2 AVERAGE (S2)}$$

Final grades are an average of the four marking periods:

$$\text{Final grade} = (MP1 + MP2 + MP3 + MP4) / 4$$

HONOR ROLL

Distinguished Honor Roll - "A" in all subjects including Physical Education and Health.

Honor Roll – "A's" and "B's" in all subjects including Physical Education and Health.

APPEAL OF FINAL GRADES

A student may appeal his/her final grade. The time factor for this appeal will depend upon the nature of the alleged error.

A student who feels that the final grade is not an accurate evaluation of the cumulative average for the year's work may appeal through the guidance department during the period of time of the receipt of his/her report card in June, and the first day of the second semester of the next school year. Final grades during this time may be recalculated by the teacher, and if in error, are subject to change. If a change is to be made by the teacher, the teacher must first make a recommendation to the principal. Final grade changes are subject to approval of the principal. Once a final grade is appealed through this process, whether it is changed or not, it is then certified for accuracy in both calculation and recording, and is not subject to any further appeal or change.

PROCESSING OF COLLEGE AND SCHOLARSHIP APPLICATIONS

College and scholarship applications must be submitted to the guidance office two (2) weeks prior to the application deadline to assure timely processing. Students wishing to have a college and/or scholarship application forwarded prior to the winter break must submit the respective application(s) to the Guidance Office by December 1 (or, if December 1 falls on a weekend, by the following Monday). Seniors must complete a "Transcript Request Form," shared by the 12th grade counselor and posted in the Senior Google Classroom, for each college, university, trade school, or military branch to which they apply.

POST-SECONDARY SCHOLARSHIPS/LOCAL SCHOLARSHIPS

Financial aid is available for post-secondary education. The primary form used for financial aid is the Free Application for Federal Student Aid (FAFSA). Our Guidance Department will host a "Financial Aid Night" and "Financial Aid Workshop" on a date to be announced. Parents of any student in grades 9 through 12 are encouraged to attend the Financial Aid Night information session. The Financial Aid/FAFSA workshop is for 12th grade students and parents only.

Local scholarships are also available for seniors. Each senior receives a listing of all local scholarships in March and has access to all necessary applications in the “Scholarship” Google Classroom. All completed applications must be submitted to the Guidance Office by the specified deadline. All local scholarship recipients should be certain to send a thank you note to the benefactors.

Parents should encourage students to inquire about all local scholarship awards since many are awarded on the basis of school and community service and citizenship rather than G.P.A. (Grade Point Average) alone.

In addition, various college and private sector scholarship opportunities are available to students; our Guidance department shares information on an ongoing basis through our grade-level Google Classrooms to alert students of private, state, and national scholarship opportunities. Scholarship information can also be found under the “Guidance” tab on our school website. If parents or students have any question(s) or concern(s), please contact your child's counselor.

ELIGIBILITY FOR PARTICIPATING IN HIGH SCHOOL ATHLETICS

Eligibility for Participating in High School Athletics: A student athlete must pass a minimum of 30.0 credits at the end of the school year for fall and winter sports, and must be passing a minimum of 15.0 credits at the end of the second marking period (semester average) for spring sports. In addition, students must be in compliance with school attendance and discipline guidelines.

ELIGIBILITY FOR PARTICIPATING IN COLLEGE ATHLETICS

SPORTSMANSHIP

Sportsmanship plays a major role in the development of our students and athletes through interscholastic athletics. Students who violate common standards of sportsmanship may and will be banned from all activities for any period of time up to the entire year, plus additional school sanctions may be considered. We appreciate and encourage your positive support of our student athletes, and your attendance at their contests.

HAZING

The Board of Education believes hazing activities of any type are inconsistent with the educational process and the Board prohibits all such and hazing behavior at any time on school premises, at any school-sponsored function or on any school bus.

“Hazing” means the performance of any act or the coercion of another to perform any act of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in the policy.

All staff members, pupils and school volunteers shall be alert to possible behavior, circumstances, or events that might include hazing. A person who detects hazing and/or planned hazing shall immediately inform the pupil(s) involved of the prohibition against this behavior and/or conduct and direct them to immediately cease all such behavior and/or conduct. All such incidents must be reported to the Building Principal.

The Building Principal will report to the Affirmative Action Officer and the Superintendent any incident reported from a staff member, pupil, parent, legal guardian or any other source. The Building Principal will also report information received from anonymous sources; however, any formal disciplinary action will not be taken solely on the basis of an anonymous report.

There will be no reprisals or retaliation against any person(s) making such report of hazing behavior. Any allegations of reprisals or retaliation shall be reported directly to the Building Principal who will investigate such allegations and take appropriate action if the allegations are confirmed and/or if the person is found to have falsely accused another as means of retaliation or as a means of hazing.

The Building Principal or designee will immediately investigate any report of actual or planned hazing. If the investigation determines hazing behavior was planned or was present, the administration will take reasonable, age-appropriate and effective corrective action to the end the behavior which may include, but is not limited to, counseling, warning, and/or disciplinary action. The administration may need to provide support services to the pupil(s) that was to remedy the past hazing behavior.

SUMMER SCHOOL

Subjects failed during the course of the school year may be made up in a Summer School program (subject to availability and course offerings). The report card is the official notification of failures. Parents should contact the Guidance Office for Summer School registration information. If a student fails a subject and does not attend Summer School, he/she will not accrue credits for that course or advance to the next level (e.g. English I, English II), and the student's schedule will be adjusted for repeating the course(s). Courses that are not offered at GHS may be taken at any New Jersey State Department of Education approved Summer School program on a tuition basis. The state requirement is 60 hours of instructional time.

NOTE: Failure to attend Summer School could have an impact on a student's class standing, eligibility in athletics and graduation status. A student must have a cumulative grade average of "50" or above overall in the subject he/she desires to remediate over the summer. Students who do not meet this grade requirement may appeal in writing to the Principal. The highest passing grade for summer classes is an 82 / "C+".

DAILY SCHOOL ATTENDANCE:

- Students who are absent more than 9 unexcused instructional days from school will be placed on Non-Credit Status. If your child does not make up the days by attending credit completion, your child may not receive any credit for the year, and may have to repeat the school year. Students who exceed the 9 unexcused instructional day limit can attend one credit completion day (held on designated Saturdays from 8 am to 12 noon) for each absence above the 9-day limit to regain credit status, if the calendar permits.
- Students who miss 10 or more consecutive days without documentation may be dropped from the rolls.
- Students who arrive to school after 10:30 am or leave prior to 12:00 pm (on a “regular schedule”) will lose an instructional day. A student must be in school a minimum of 4 hours to earn an instructional day.
- Any student on non-credit status may be prohibited from participating in school-sponsored activities until the student returns to credit status.

INDIVIDUAL CLASS ATTENDANCE POLICY:

- Students who accumulate more than 9 losses of an instructional period in an individual class (4 for a half-year class) will be placed on non-credit status for that class and will be required to make-up the class time missed, or a grade of non-credit may be assigned. NOTE: Students who miss over 18 instructional periods for an individual class (or over 9 for a semester course / 4.5 for a quarter course) will be dropped from that class and placed into a study hall.
- Six tardies and/or early dismissals from an individual class is the equivalent to the loss of an instructional period.
- Arriving to class after ten minutes without proper authorization will equate to a loss of an instructional period.
- Any student on non-credit status may be prohibited from participating in any school-sponsored activity until the student returns to credit status.

ATTENDANCE APPEALS COMMITTEE:

- Please be advised that parents/guardians may petition the Attendance Appeals Committee at Gloucester City High School concerning loss of credit status.
- To appeal the “Non-Credit Status” of your child, you must present a **written letter to the school administration no later than five (5) school days after notification of violation of the policy.** Any and all material to be considered as a basis for an appeal must be delivered to a school administrator prior to the assigned hearing date. **Data should include documentation for all days absent, not just for those days in excess of the policy. Doctor’s notes and any pertinent materials not received upon the student’s return to school could affect the outcome of the appeal.**

CREDIT COMPLETION DAY:

- Students who lose more than 9 instructional days can attend one credit completion day for each instructional day above 9 days, if the calendar permits
- It is the student’s responsibility to have schoolwork to complete during the entire 4-hour credit completion day. Failure to do so will result in dismissal from the credit completion Saturday.
- Please note that a student cannot use a credit completion day to fulfill an attendance make-up and a discipline infraction concurrently.

RULES FOR SATURDAY CREDIT COMPLETION AND/OR SATURDAY DISCIPLINE DETENTIONS:

- Student must arrive by 8 am.
- Student must sit in the seat assigned to them by the proctor in charge of the Saturday Detention.
- Student must be actively engaged in either schoolwork or reading.
- No sleeping, talking, or use of electronic devices is permitted.
- Student dress should be in accordance with the school dress code. Pajamas are not permitted to be worn.

Failure to adhere to the above could result in not earning credit for attending, a phone call home to notify parent/guardian of your removal from Credit Completion/Detention and a behavior referral with disciplinary consequences.

ATTENDANCE AND EXTRACURRICULAR PARTICIPATION

Students in grades 7-12 must present their student ID cards in order to gain entry to most athletic events and school events (dances, etc.). Students who are in grades 5 and under must be accompanied by an adult or student who is at least 16 years of age.

Students who exceed the maximum allowable number of unexcused absences (9) may be prohibited from participation in extracurricular activities. If those students who have ten (10) or more unexcused absences OR tardies demonstrate what administration deems to be an immediate, good faith effort to reduce absentee status by attending Saturday credit completion sessions, they may continue extracurricular participation with administrator approval. Students who have twelve (12) or more unexcused tardies will be prohibited from participation unless they attend Saturday credit completion sessions as directed by administration. Students arriving at twelve (12) or more unexcused absences will be prohibited from participation in school-sponsored extracurricular and athletic activities *until such time as they re-gain credit status*.

NOTIFICATION TO GUARDIANS OF STUDENT ABSENCE

Regardless of whether or not they have contacted the school, parents will be notified of all student absences two hours after the beginning of the school day via an automated calling system. Therefore, it is imperative to provide the main office with updated and accurate phone numbers. Please complete and return emergency cards. In the event a phone number is changed during the school year, parents must provide written documentation of the new phone number in order to authorize the change in the data system.

EARLY DISMISSAL FROM SCHOOL

Parents who have arranged a doctor, dentist, or court appearance must write a note requesting permission and indicating a reason for the student to be dismissed. The note should be brought to school before homeroom period of the day of the request. School officials will review the notes and grant approval. The school may contact your home for confirmation. Upon return to school, students must present appropriate documentation (e.g. physician's note). The name of the doctor and/or dentist and their phone number is required.

In the event of an emergency, only the parents or legal guardian, or designated contact of the student may sign their student out of school. To do this you must contact the school personally, and provide proper identification or documentation of guardianship upon request. Students under the age of 17 will not be dismissed over the telephone or be allowed to leave school with neighbors, family friends, or other relatives (unless those individuals are previously designated contacts). As stated in the School Attendance Policy, students who attend for less than the four-hour minimum school day will lose an instructional day. Therefore, students are encouraged to return to school after any appointment. All such appointments should be scheduled after school hours whenever possible.

All personal belongings of students, (i.e. pocketbooks, book bags, coats, umbrellas, etc.) will be stored in a supervised and secured location during dances. Any student with two or more out-of-school suspensions is not permitted to attend school dances, and students must be in good standing for attendance purposes. Pupils on field trips remain under the supervision of this Board and are subject to its rules and regulations. Parents who commit to chaperoning a field trip must follow school guidelines and expectations.

STUDENT PASSES

Students are not permitted to leave the classroom for the first ten minutes or the last ten minutes of each instructional period. This gives the instructors time to start their classes without unnecessary interference and close their lessons in the same manner.

In the event it is necessary for a student to leave a classroom, he or she must sign out according to school policy. Students are not permitted to walk freely about the school without approval in accord with school policy.

If the student's parent does not make full payment to the Principal or designee by the end of the ten school days, the Principal or designee shall again contact the student's parent to provide a second notice that their child's lunch or breakfast bill is in arrears. If payment in full is not made within one week from the date of

This system of technology shall be used to provide local, Statewide, national and global communications opportunities for staff and pupils. Educational technology shall be infused into the district curriculum to maximize pupil achievement of the New Jersey Student Learning Standards.

NOTE: It is the policy of the district to establish safe and effective methods for pupil and staff users of the district's technological resources. The network infrastructure, as well as all Chromebook and other device software and hardware, belong to the district. Therefore, the district retains the right to monitor and/or search district issued devices. For full text of the policy, please click the link above or visit the district website [here](#).

POLICY 5516 – USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

“Electronic communication and recording device (ECRD)” includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information.

ILLNESS WHILE AT SCHOOL

Except for genuine personal illness or some verifiable emergency, students will not be excused before the end of the school day. In case of illness, a student must report to the nurse with a pass from his/her teacher. A student will be credited with an absence in all classes missed while at the nurse's office, unless prescheduled, and may be sent home by the nurse only after a parent or guardian has been contacted. Students who leave school without the nurse's permission will be considered truant, whether or not parents are aware. Requests for early dismissal will be honored for confirmed medical and dental appointments. A written request from the parent stating the exact time of dismissal, parent telephone number for verification, and the reason must be taken to the Main Office on the day before or day of the scheduled appointment. School policy regarding attendance will apply. In case of an emergency during the school day a parent or guardian will be contacted before the student is permitted to leave school. Please have your biographical information card completed or updated. It assists us in contacting parents and/or guardians.

The Gloucester City School District will conduct physicals before each sport season for students who do not have a family physician. Only one physical examination is required for the school year, students need not receive a separate examination for each season.

A list of such banned substances can be obtained from the athletic director or the athletic trainer.

USE OF MEDICATION BY PUPILS: [BOARD POLICY #5330](#)

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of an illness of any student. However, in order for many students with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Self-administration of medication by a student for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Medication no longer required must be promptly removed by the parent.

All student medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by students. In those instances, the medication may be retained by the student with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the student's educational progress with such information about the medication and its administration as may be in the student's best educational interests. The school nurse may report to the school physician any student who appears to be affected adversely by the administration of medication and may recommend to the Principal the student's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a student. Students self-administering medication shall report each incident to a teacher, coach, or other individual designated by the school nurse who is supervising the student during the school activity when the student self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the student's health file.

SUBSTANCE ABUSE – BOARD POLICY #5530

The Board of Education recognizes that a student’s abuse of harmful substances seriously impedes that student’s education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish policies and procedures in operating programs to support the social, emotional, and physical development of students in accordance with the provisions of N.J.S.A. 18A:40A-1 et seq. and N.J.A.C. 6A:16-4.1 et seq. The Board of Education will maintain a comprehensive substance abuse intervention, prevention, and treatment referral program in the schools of this district.

The Board prohibits the use, possession, and/or distribution of alcohol or other drugs on school grounds according to N.J.S.A. 18A:40A-9, 10, and 11.

A student who uses, possesses, or distributes alcohol or other drugs will be subject to discipline in accordance with the district’s Code of Student Conduct. School authorities also have the authority to impose a consequence on a student for conduct away from school grounds in accordance with the provisions of N.J.A.C. 6A:16-7.5. Discipline may include suspension or expulsion. The Board will establish consequences for a student not following through on the recommendations of an evaluation for alcohol or other drug abuse and related behaviors.

Any educational staff member or other professional to whom it appears that a student may be currently under the influence of alcohol or other drugs as identified in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a), on school grounds shall report the matter in accordance with N.J.A.C. 6A:16-4.3(a)1.

An immediate medical examination shall be conducted and a written report of the medical evaluation shall be furnished to the parent of the student, the Principal, and the Superintendent in accordance with N.J.A.C. 6A:16-4.3(a)2 through 4.3(a)8.

If the written report of the medical examination is not provided within twenty-four hours of the referral of the student, the student shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the examining physician, unless the student was also removed for violating the Code of Student Conduct. Attendance at school shall not resume until a written report has been submitted to the

parent, Principal, and Superintendent from a physician licensed to practice medicine or osteopathy who has examined the student that verifies the student's alcohol or other drug use no longer interferes with his or her physical and mental ability to perform in school.

No action of any kind in any court of competent jurisdiction shall lie against any employee, officer, or agent of the Board because of actions taken under the education statutes on substance abuse, N.J.S.A. 18A:40A-1 et seq., provided the skill and care given is that ordinarily required and exercised by other such employees, officers, and agents of the Board in accordance with the provisions of N.J.S.A. 18A:40A-13.

Any educational or non-educational Board employee who in good faith reports a student to the Principal or designee in compliance with N.J.A.C. 6A:16-4.3 shall not be liable in civil damages as a result of making such a report, as specified in N.J.S.A. 18A:40A-13 and 14.

The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to be in possession of a controlled dangerous substance, including anabolic steroids, or related paraphernalia or involved or implicated in distribution activities regarding controlled dangerous substances, including anabolic steroids pursuant to N.J.A.C. 6A:16-4.1(c)9. The Superintendent or designee shall not disclose the identity of the student who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or other drug abuse problem provided the student is not reasonably believed to be involved or implicated in drug-distribution activities.

The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to be under the influence of alcohol and/or other drugs, pursuant to N.J.A.C. 6A:16-4.1(c)9.i. INTEGRATED PEST MANAGEMENT: [BOARD POLICY #7422](#)

The New Jersey School Integrated Pest Management Act of 2002 requires school districts to implement a school integrated pest management policy that includes an Integrated Pest Management Plan. In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Gloucester City School District. For the full policy, please refer to the district website.

STUDENT CONDUCT INFORMATION

PHILOSOPHY

The Board of Education recognizes the developmental stages of all learners and ensures that the conduct code honors these stages. The conduct of students in the Gloucester City School District shall reflect standards of good citizenship, age-appropriate behavior, responsibility for one's own actions, and respect toward others and school property. Our vision for discipline is systematically focused on utilizing positive reinforcement to guide and educate students through the implementation of social emotional interventions to promote successful character traits for future twenty-first century leaders.

OVERVIEW

The Gloucester City School District developed the Code of Conduct Procedure Manual to reinforce the foundation of acceptable behavior that is expected of all students attending Gloucester City School District. Students are expected to act in a responsible manner at all times. It is not possible to delineate rules for every possible situation that a student may encounter. The intent of this code manual is to identify commonly recognized student behaviors that are unacceptable in a school setting and to be a general guide for students, staff, teachers and administrators. As a listing, the code is not intended to be all-inclusive. There may be a situation that warrants different measures than those prescribed. In such instances, administrative discretion will prevail.

Gloucester City School District is committed to providing all students with educational opportunities designed to prepare them to be productive members of a democratic society by developing each individual's ability to use higher order thinking skills, logically solve problems and make rational, responsible decisions. It is the specific responsibility of the school instructional staff and administration to provide an environment where all students can learn. These codes list those behaviors and the consequences of those behaviors that may impede or disrupt the educational program of the school and the safety and well-being of our students. It is our hope that this information will assist students, parents, and teachers in the identification of unacceptable behaviors and provide a clear and consistent explanation of consequences such behavior will merit. It should be noted that these codes also apply to those school sponsored events that may take place beyond the regular school day and away from the school building. We want our students to become self-reliant, responsible thinkers who carry themselves with pride. If students are to develop self-reliance and discipline, they have the right to know what is expected and prohibited, and the reasons and probable consequences of such infractions.

The school administration and/or the Gloucester City Board of Education have the right to administer discipline for any other offense, which is a violation of the law or school district policy or procedures, or in violation of acceptable standards of conduct for students in the Gloucester City School District.

EXPECTATIONS FOR PUPIL CONDUCT: [BOARD POLICY #5500](#)

Students, parents, teachers, school administrators, and the Board of Education all agree that positive student commitment and behavior are essential to creating a classroom environment that is conducive to learning for all students. We believe that it is important to help students realize that their own attitudes and acts are directly related to their school experiences and that of their classmates. It is our expectation that all students must act appropriately so that teachers can teach and students can learn. Students shall respect others, their possessions, and school property.

Student Expectations:

- Come to school prepared for the day. (Computer charged, pencils, headphones)
- Demonstrate respect for all people and all school property. (desks, chairs, supplies, etc.)
- Take responsibility for their own behavior and learning.
- Use time and resources wisely and responsibly.
- Share responsibility when working in a group.
- Communicate with parents, guardians, teachers about related things. (Grades, clubs, etc.)

Students are expected to exit the classroom and school building in an appropriate manner. Students may remain in the building for reasons such as: extra help from a teacher, sports, clubs, tutoring, student meetings, extended

day, or any other school sponsored activity.

Students are expected to leave the school building at the end of the school day while acting responsibly. Students must cross the street at locations that have crossing guards, go directly home, notify your parents/guardians if you are not going directly home.

We expect students to develop responsible attitudes of personal conduct and to respect the rights of others in the school community. The school respects the rights of all students:

1. To be heard;
2. To receive fair and appropriate treatment;
3. To due process

Students do not have the right to disrupt or interfere with the learning process of others, nor does any student have the right to jeopardize the safety and well-being of others in the school. Defiance of adult authority, or verbal abuse, (including cursing) of those adults employed in the school will not be tolerated.

NOTE: Once a student is referred to the assistant principal, the assistant principal will evaluate the situation and in the context of the student's disciplinary history and the consequences of his/her misbehavior, assign the appropriate disciplinary measures.

PREVENTION

In the classroom, teachers know that effective classroom management begins with prevention. Setting clear expectations for behavior, planning interesting lessons, keeping students on task, and using effective communication practices are some of the preventive measures teachers use. Some preventive measures that we emphasize include:

- Strive to make all students feel connected and engaged at school by building strong and active extracurricular programs that all students can participate in.
- Establish mentoring relationships
- Encourage effective communication between school and home to build partnerships.
- Express appreciation for students that follow the rules by calling or writing home.
- Teach and model appropriate behavior through Social Emotional Learning curriculum (K-8).

STUDENT SUSPENSION AND EXPULSION: BOARD POLICY #5610 AND #5620

While providing students with an education, it is also our responsibility to create a safe and positive environment that allows all students to learn. It is our goal as educators to encourage appropriate and safe behaviors that optimize the student learning experience. In some instances, disciplinary offenses may call for suspension, or in extreme cases, expulsion.

The right of a school district to utilize these disciplinary procedures is defined in New Jersey Statutes: "Any student who is guilty of continued and willful disobedience, or of open defiance of the authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school."

Student conduct, which shall constitute good cause for suspension or expulsion of a student guilty of such conduct, shall include, but not be limited to, any of the following:

1. Open defiance to school expectations and/or school personnel.
2. Physical harm or threatening behavior to school personnel and/or peers.
3. Theft
4. Causing or attempting to cause substantial damage to school property.
5. Possession of alcohol or controlled substances

SUSPENSIONS

A student will serve an In-School-Suspension or Out-of-School Suspension as deemed appropriate by the building administrator when there is a violation of the student code of conduct. In School Suspensions will require students to report to school during normal school hours. The student will report to a small group setting where they will still be required to actively engage in instructional programming. Out-of-School Suspensions will be given based on severity of the offense, in addition to the past record of the student. Students are not permitted on school property during the Out-of-School Suspension period, nor may they attend any school-sponsored activities or events. A parental conference is required before a student is permitted to return from an out-of-school suspension.

Multiple Suspension Rule

Any student, who receives two (2) out-of-school suspensions from school during the course of the year, will become immediately ineligible to participate in any extra-curricular and school-sponsored events/activities for the remainder of the year. These events/activities include, but not limited to: athletics, all clubs, dances, field trips, and class trips, etc. A student may re-earn his/her eligibility by demonstrating acceptable behavior, maintaining academic eligibility, and not receiving any additional disciplinary infractions within 45 school days (at administrative discretion). At the completion of the 45-day probationary period, the student can appeal to the Discipline Review Committee for reinstatement of privileges.

EXPULSION

Expulsion is the most severe form of discipline that can be levied against a student by a New Jersey public school. The decision of a local Board of Education to expel a student has the effect of denying the student educational opportunities in any public school in the state. School administrators can only recommend expulsion to the Board of Education and the Superintendent. Only the Board of Education can take action to expel a student.

Pupil Assault of Staff (NJ Statutes 18A: 37-2)

Any pupil who commits an assault as defined pursuant of NJS 2c: 12-1, upon a teacher, administrator, board member or other employee of the Board of Education, acting in the performance of his duties and in the situation where his authority to so act is apparent, or as a result of the victim's relationship to an institution of public education in this State, shall be immediately suspended from school consistent with procedural due process pending expulsion proceedings before the local Board of Education. Said proceedings shall take place no later than 21 calendar days following the day on which the pupil is suspended.

HARASSMENT, INTIMIDATION, AND BULLYING : BOARD POLICY #5512

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

The board policy can be located on the school website by using the "Anti-Bullying Information" link, or by clicking the link above. Any person wishing to report acts of harassment, intimidation or bullying of pupils may contact the school or report the incident online via HIBster (click [here](#)).

The board policy can be located on the school website by using the "Anti-Bullying Information" link, or by clicking the link above.

3. Nothing is to be hung on or thrown out the windows or door.
4. Smoking or nicotine products of any kind are not permitted on the bus at any time.

The driver shall be in full charge of the school bus at all times and shall be responsible for order, she/he shall never exclude a pupil from the bus, but, if unable to manage any pupil, shall report the "unmanageable" pupil to the principal of the school which he attends. A pupil may be excluded from the bus for disciplinary reasons by the principal and his parents shall provide for his/her transportation to and from school during the period of such exclusion. This act shall take effect immediately. (Assembly Bill #18 approved 10-14-69).

SCHOOL RESOURCE OFFICERS AND SCHOOL-BASED POLICING

A school resource officer (SRO) is a career law enforcement officer assigned in a community policing capacity to a local educational agency. SROs work in collaboration with schools and community-based organizations to provide a positive and visible law enforcement presence on school campuses. SROs have four major roles:

- **Law Enforcement.** SROs address crime and disorder in and around a school campus. SROs strive to employ non-punitive techniques when interacting with students, using citation and arrest only as a last resort under narrow circumstances.
- **Informal Counselor.** SROs build relationships with students and act as liaisons to community services for youth and families.
- **Educator.** SROs teach students about crime prevention and safety, drug awareness, conflict resolution, and other topics related to law enforcement and the legal system.
- **Emergency Manager.** SROs develop and implement emergency preparedness policies, including comprehensive school safety plans, and coordinate with first responders in an emergency. SROs are integral members of a school threat assessment team.

STUDENT DISCIPLINE CODE

RATIONALE

School, like society in general, is founded on reasonable rules of behavior, which are intended to provide for the well-being and safety of its citizens. The purpose of the discipline code is to assure that Gloucester City School District is able to provide a positive educational environment for learning and a desirable place for social interaction among students, staff, and the community. To maintain these goals within our school society, the responsibility for success must be shared by all -- the students, parents, teachers, staff members, and administrators. It is the function of the discipline code to provide for fair and effective practices, which would promote appropriate social behavior. In the event of inappropriate behaviors, consequences will be administered with the intent of promoting a positive change in student behavior.

NOTE: The disciplinary guidelines contained herein are not all-inclusive. Administrative discretion will be taken if and when a more comprehensive disciplinary action is required.

Hall Regulations

Each student should display self-control and courtesy at all times to contribute to the well-being and comfort of his/her fellow students. When passing to class during the day, students should not gather in the halls in groups so as to impede the movement of traffic. Students should walk at all times and arrive at class on time. During building evacuations, observe absolute silence and follow directions.

No one is to be in the hall while classes are in session without a pass. The pass will indicate the destination of the student, such as to one of the offices, to the nurse, or to see another teacher.

Handling of Discipline

Teachers will handle discipline for most offenses. For serious offenses or repeated offenses, the student may be referred to the Assistant Principal for discipline. A student referred to the office for a disciplinary matter may be assigned a penalty as stated on the charts on the following pages.

A student will be suspended if he/she commits a major infraction or persists with continual disruptive behavior as shown on the charts. The length of the suspension and whether it is from class (in-school) or from school (external) will be determined by the assistant principal according to the rules established for each specific type of suspension.

Listed below are some of the major offenses which may result in a suspension from school (ISS or OSS) on the first infraction unless there are unique and mitigating circumstances in the judgment of the disciplinarian and/or building principal: extortion / intimidation; abusive language directed at staff; open defiance, disruption of school or any action which could lead to the disruption of school; possession and/or consumption of alcoholic beverages; possession and/or use of any Controlled Dangerous Substances or drug paraphernalia; possession of any weapon including, but not limited to pen knives; possession or exploding of firecrackers; destruction of school property; serious antisocial behavior; any action which could lead to bodily injury to any student or staff member. The charts on the following pages give a summary of specific offenses and penalties.

No student, regardless of age, shall be permitted to attend any school functions, on or off school property, if evidence exists that the student is under the influence of some intoxicant. Any student who consumes an intoxicant or who is found to be in possession of or under the influence of any intoxicant while participating in a school activity, on or off school property, shall be subject to disciplinary action. Consumption of any amount of alcoholic beverage is considered to be "under the influence".

<p>Students are expected to:</p> <ul style="list-style-type: none"> ● Attend school and class regularly. ● Demonstrate respect for self and others. ● Demonstrate respect for school property and property of others. ● Take advantage of all educational opportunities.

- While students are on a bus for any purpose.
- At all school sponsored events and activities.

Additionally, school administration has the authority to take action when a student's misconduct to and from school has a harmful effect on other students or on the orderly educational process.

Student Searches

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner. However, in the discharge of their responsibilities to create a safe and secure learning environment, school officials may search the person or property of a student as authorized by Board of Education policy whenever he/she has reasonable suspicion that the search is required to discover evidence of a violation of law or of school rules.

The Board will provide storage places, including desks and lockers, for the purpose of storage of students' possessions. In no storage place provided by the Board will students have an expectation of privacy as to prevent examination by a school official. Random inspections of lockers, desks, and other storage facilities on school district property may be conducted by school officials at any time.

A search prompted by the reasonable belief that an emergency or crisis is imminent or that circumstances pose an immediate threat will be conducted by school officials with as much speed and urgency as may be required to protect persons and property.

NOTE: Students failing to comply with a reasonable and lawful search are subject to consequences as outlined in the school discipline code.

Notification of Law Enforcement

There are some behaviors, which in addition to being contrary to school codes, are also in violation of the criminal laws for this state. When such behaviors occur, appropriate law enforcement authorities may be contacted and will take whatever action deemed necessary.

The involvement of law enforcement in most situations will be at the discretion of the school official handling the matter. Certain behaviors, however, will automatically result in police notification. These behaviors include drug related incidents, weapons offenses, bomb threats, assaults on staff member, and various other "NO TOLERANCE" occurrences.

Station House Adjustment

Where applicable, the administration will confer with the SRO to incorporate a community service or other remedial disciplinary measure known as a Station House Adjustment in lieu of municipal charges

Video Cameras

Please be advised that Gloucester High School's campus is monitored by video cameras and may be used in discipline infractions.

PRIDE AND CHANCELIGHT PROGRAMS

PRIDE PROGRAM

The GHS PRIDE Program offers an alternative setting to students who have struggled to meet behavioral expectations in a traditional school setting. PRIDE is a transitional program with the goal of successfully re-entering students into the mainstream population.

Through a hybrid of online and in-person learning, Gloucester High School staff are able to seamlessly deliver a curriculum aligned with New Jersey’s Student Learning Standards. Students will rely heavily on the use of a cloud-based learning platform that will enable them to store, organize, retrieve, and submit work while a small student-to-staff ratio provides a forum for teachers to provide intimate/individualized instruction and offer immediate feedback.

Students who have accumulated a combination of three in-school and/or out of school suspensions will be considered eligible for enrollment into the PRIDE Program. In other cases, egregious student conduct as outlined in the discipline code may result in immediate placement into the GHS PRIDE Program. Placement into the PRIDE Program will be determined by school administration.

Students will be enrolled in the PRIDE Program for a period of time commensurate to one complete marking period. While in the PRIDE Program, students must adhere to Gloucester High School’s Code of Conduct, PRIDE Contract, and Attendance Policy. Students in the PRIDE program are ineligible to participate in any extra-curricular and school sponsored events/activities. These events/activities include, but are not limited to: athletics, clubs, dances, Prom, field trips, assemblies, and class trips. If the aforementioned expectations are met,

the student will be considered for re-entry into the general population and an exit interview will be scheduled with the student's parent(s)/guardian(s) to develop a plan and discuss expectations.

CHANCELIGHT ALTERNATIVE PROGRAM

ChanceLight is an alternative education program for students in grades 6 through 12. Placement in the ChanceLight program may result from offenses including but not limited to the following:

- Two suspensions while enrolled in PRIDE (GHS) or SOAR (GMS)
- Any code of conduct violation incurred by a student on their second PRIDE or SOAR placement
- Any egregious conduct as outlined in the discipline code, including but not limited to assault/threat, possession of a weapon, arson, etc.

Students will attend the program for a half-day session (4 hours) where they will receive in-person academic instruction and additional services including individual and group counseling, behavior support services, social emotional learning curriculum, postsecondary planning, etc. ChanceLight's program is designed with the understanding that all students can succeed and make progress if their educational, behavioral, social, and emotional needs are met in an appropriate and supportive environment. Gloucester City School District's program is located at an off-site location in Audubon, and transportation will be offered for students from a common pick-up and drop-off location. School district administration will work collaboratively with our ChanceLight program director to determine if/when students are ready to transition back to a program on one of our campuses. Students who have been referred to ChanceLight must attend the program for a minimum of one semester before transitioning back to a district school can be considered.

Students enrolled at ChanceLight are not permitted on district campuses at any time without prior administrative approval. Students are not eligible for any extracurricular activities (field trips, dances, athletics, etc.) while enrolled at ChanceLight.
