

The IXL Real-Time Diagnostic

IXL's Diagnostic is a flexible tool that reveals exactly what students know and helps you take actionable steps to foster growth at every level.

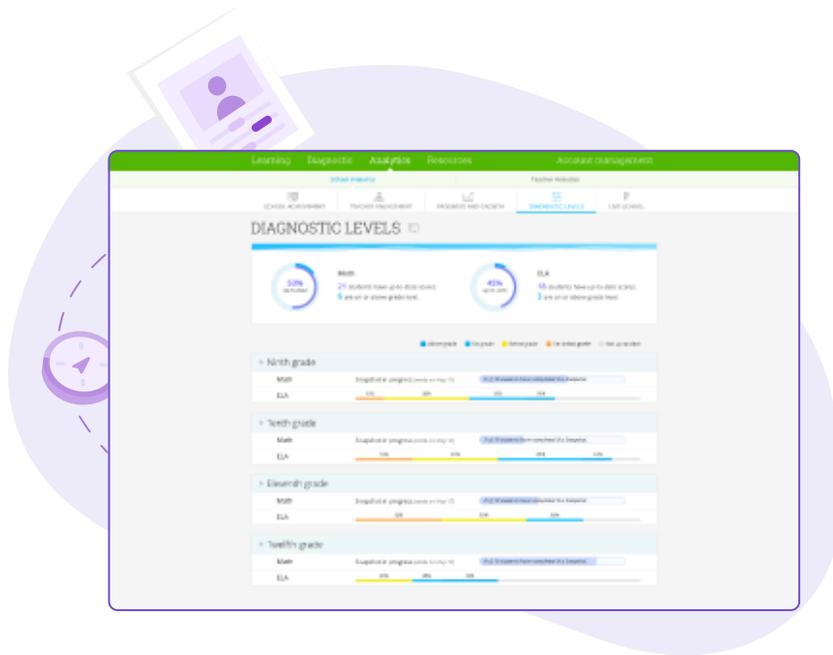

Accurately assess student knowledge

From individual learners to the whole district, get precise insight into student knowledge. IXL's Real-Time Diagnostic pinpoints students' grade-level proficiency in key math and English language arts strands in just 45 minutes per subject.

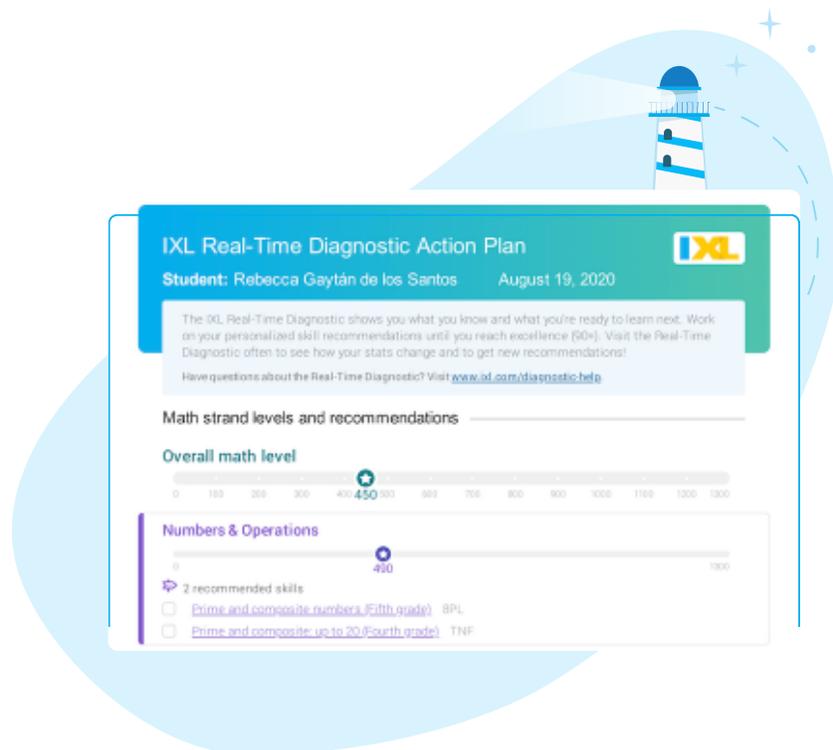

Get up-to-date insights at every level

Administrators can create custom assessment windows to measure students' knowledge levels, better informing high-level decision-making. Plus, teachers can get reliable insights between those assessment windows in just 10 minutes a week.

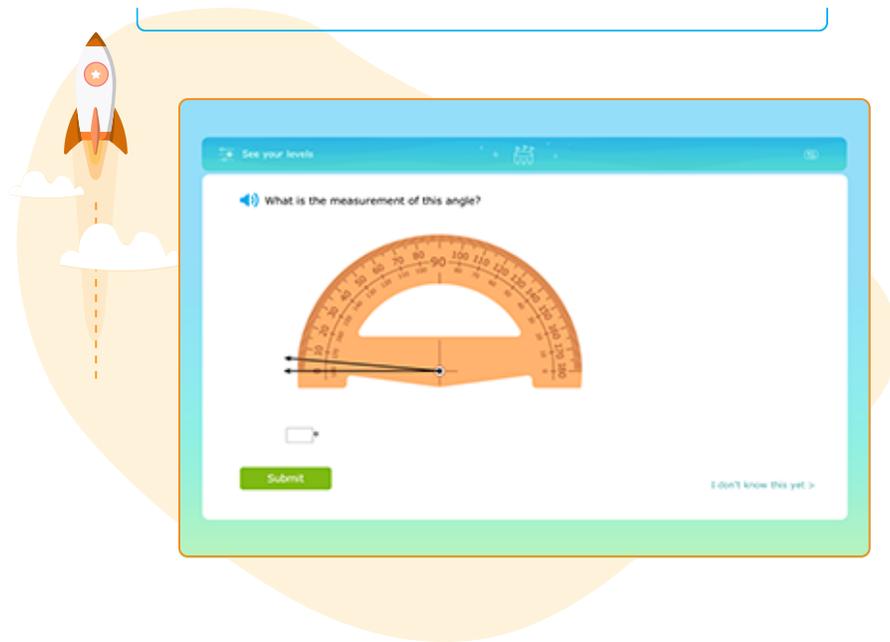

Take action with a personalized plan for each learner

IXL's Diagnostic creates a personalized action plan for each student. With these recommended skills, you have a simple way to close learning gaps and facilitate meaningful progress.

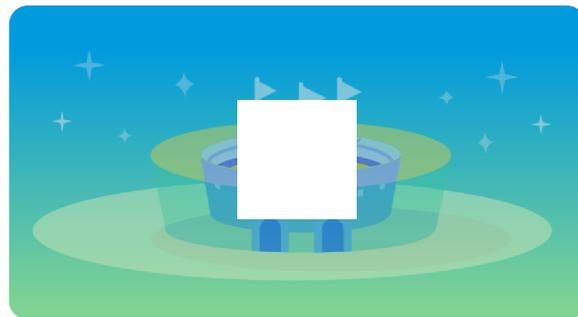

Engage and empower students

The Real-Time Diagnostic is no ordinary assessment! IXL's Diagnostic inspires students to take an active role in their learning with engaging questions and positive reinforcement that keeps students motivated.
